# When This Campaign Is Over We'll Know Which Side You're On

There are *only two kinds* of people on American soil to-day—those who are **FOR AMERICA** and those who are **FOR GERMANY**.

We are no longer Republicans or Democrats or Progressives or Socialists—we are *either AMERICANS or TRAITORS*. We are either doing everything in our power to *help America and defeat the Kaiser*—or else we're helping to *murder brave American soldiers* and helping the blood-smearred Kaiser to continue his unspeakable tortures on the helpless women and girls and babes in France and Belgium.

It doesn't make a particle of difference what country you were born in—it doesn't make a particle of difference whether you were born in America or whether you came from Europe, Asia, Africa or the South Sea Islands—if you're loyal to the United States and do everything you can to *help the United States now when she needs your help*, then you can count yourself *American*.

But if you turn *against the United States*—if you refuse to help the land that is giving you your bread and butter, your home, your chance to make a decent living, the countless blessings of freedom and opportunity that are found nowhere else in all the world but in America, if you refuse to buy America's Liberty Bonds when you are able to do so—then you ought to be over in Central Europe fighting for the Kaiser there, under the *Kaiser's flag*, not fighting for him here while you eat America's bread and breathe the air of *Freedom*.

You can't be *for the Kaiser* and *for America*, too. Remember that. And every man and woman who is *for America*, no matter how poor that man or woman may be, is buying Liberty Bonds if it's possible at all to scrape the money together.
